

be.ENERGISED zertifizierte und kompatible Ladestationsprodukte

Der reibungslose und effiziente Betrieb intelligenter Ladestationen hat für uns oberste Priorität. Für ein positives Ladeerlebnis setzen wir als hardwareneutraler Softwarelösungsanbieter nicht nur hohe Qualitätsansprüche an uns selbst, sondern auch an unsere Hardwarepartner. Was die Qualität der Kommunikation zwischen be.ENERGISED und den Ladesystemen bzw. die von den Ladesystemen unterstützten Funktionen betrifft, unterscheiden wir zwischen "zertifizierten" und "kompatiblen" Produkten.

Zertifizierte Produkte zeichnen sich dadurch aus, dass Sie den Zertifizierungsprozess erfolgreich abgeschlossen haben und damit sämtliche von be.ENERGISED definierten Anforderungen nachweislich erfüllen.

Kompatible Produkte können ebenso mit be.ENERGISED vernetzt werden, wenngleich es zu Funktionseinschränkungen beim Betrieb mit be.ENERGISED kommen kann.
